

Included in the list below is a Stampin' Trimmer. You would need that to cut your cardstock to the sizes recommended for the Stamping on the Go Kit. When you place an order of \$150 or more, you earn Hostess Rewards of 10% of your order, so this order of \$186.50 would earn \$18.65 of rewards, and you could purchase the items in yellow with the rewards points (plus \$3.34 overage). The cardstock listed in Red is a full pack of each of the colors (24 sheets). You could purchase a color sample of each collection instead, and get 20 sheets, 2 of each color for \$8.00, if you wanted all the colors. The Very Vanilla and Whisper White cardstock is 40 sheets of each color. For photopolymer stamps, most would fit on the Clear Block "E". Snail Adhesive is a double-sided sticky glue that is used to adhere card layers together. Stampin' Dimensionals are small foam adhesives that raise either your card background or stamped designs that you would cut out and place on the top layer as an accent. The Stampin' Mist is used to spray on your stamp while it is on the block and then scrub the ink off using the Stampin' Scrub pad. If you would like to place an order for these items or more, please email me at patriciabaker18@hotmail.com or call me - 443-326-1365, and I will be happy to help you place your order!
